But it is characteristic of the victory of fascism

that this victory, on the one hand, bears witness to the **weakness of the proletariat**, disorganized and paralyzed by the **disruptive Social-Democratic policy** of class collaboration with the bourgeoisie,

and, on the other, expresses the weakness of the **bourgeoisie itself**, afraid of the realization of a united struggle of the working class, afraid of revolution, and no longer in a position to maintain its dictatorship over the masses by the **old methods** of bourgeois democracy and parliamentarism.
