

Engels on Humanity Making its own History

The extraneous objective forces that have, hitherto, governed history, pass under the control of man himself.

Only from that time will man himself, more and more consciously, make his own history — only from that time will the social causes set in movement by him have, in the main and in a constantly growing measure, the results intended by him.

It is the ascent of man from the kingdom of necessity to the kingdom of freedom.

Friedrich Engels,
Socialism: Utopian
and Scientific
