

Lenin on the Economic Oppression

“

**VLADIMIR
LENIN**

“Socialism and Religion”

The economic oppression of the workers

inevitably calls forth and engenders every kind of **political oppression** and social humiliation, the coarsening and darkening of the spiritual and moral life of the masses.

The workers may secure a greater or lesser degree of political liberty to fight for their **economic emancipation**, but no amount of liberty will rid them of poverty, unemployment, and oppression until the power of **capital is overthrown**.
