

# Lenin on the Modern Democracy

“

**V. I. Lenin**

*“The Bourgeois  
Intelligentsia’s  
Methods of Struggle  
Against the Workers”*

The democratic system is a feature of bourgeois society,

in which the **utmost freedom**, scope and clarity of the class struggle are combined with the utmost cunning, with ruses and subterfuges aimed at **spreading the “ideological” influence** of the bourgeoisie among the wage-slaves with the object of **diverting them from their struggle** against wage slavery
