Vladimir Lenin,  
*The Revolutionary Army  
and the Revolutionary Government*

## There are wars and wars.

There are **adventurist wars**, fought to further dynastic interests, to satisfy the appetite of a band of freebooters, or to attain the objects of the knights of **capitalist profit**.

And there is another kind of war—the **only war that is legitimate in capitalist society**—war against the people's oppressors and enslavers.

There are wars and wars. There are adventurist wars, fought to further dynastic interests, to satisfy the appetite of a band of freebooters, or to attain the objects of the knights of capitalist profit.

And there is another kind of war - the only was that is legitimate in capitalist society - war against the people's oppressors and enslavers.
