

# Lenin on Liberty under Capitalism

“

## The economic oppression of the workers

inevitably calls forth and engenders every kind of political oppression and **social humiliation**, the coarsening and darkening of the spiritual and moral life of the masses. The workers may secure a greater or lesser degree of political liberty to fight for their economic emancipation, but **no amount of liberty will rid them of poverty**, unemployment, and oppression until the power of capital is overthrown.

- Vladimir Lenin,  
*Socialism and Religion*
