

# Marx on Vampirism of Capital

As capitalist, he is only capital personified.

His soul is the soul of capital.

But capital has one single life impulse, the tendency to create value and surplus-value, to make its constant factor, the means of production, absorb the greatest possible amount of surplus-labour.

Capital is dead labour, that, vampire-like, only lives by sucking living labour, and lives the more, the more labour it sucks.
